Subject: FYI

I am sure Sharon got in touch with yesterday about Mr. Dorant's call.

Just wanted you to know that Julie just called looking for info for a letter the DA's are writing to restore funding for the drug lab. She wanted to know when the lab was actually established in Amherst. I told her that you have been here for what 32 years? I was unsure of the exact amount but I said it must have been 30-35 years. I will check with Sharon to see if she knows an exact date. I said I would check with you but she didn't want to bother you so will give an estimate unless we find out an exact date.

I figured I would email you and bother you anyway! So feel free to contact her directly or just email me and I will pass it along.

Get well! We decided you can't retire! We miss you around here!
